PROFILE

I am an AAPC Certified Risk Adjustment Coder (CRC) with a strong foundation in Hierarchical Condition Category (HCC) coding. I hold a Bachelor's degree in Operation Theatre & Anesthesia Technology from DR. MGR Medical University, which is complemented by hands-on experience as a Pharmacy Aid and Dental Physician Assistant. My background in healthcare coding, along with involvement in various projects, has honed my analytical abilities and attention to detail.

I have developed strong expertise in healthcare coding, enhancing my adaptability and knowledge of coding practices. I am committed to continuous growth, leveraging analytical skills and a positive attitude to excel in fast-paced coding environments, ensuring accuracy and compliance.

CERTIFICATION
